Related Practice Areas: **Competition Disputes**

Chambers & Partners recently published their guide on 'Antitrust Litigation 2019 Global Practice Guide'. The guide comments on key issues for businesses in the industry and covers important developments in the most significant jurisdictions, over the last year.

Following on from the UK Chapter provided by Clifford Chance, Hausfeld's competition litigation experts Anna Morfey and William Towell set out the most prominent progressions and ongoing cases in competition law in the UK Trends & Developments section.

They offer an in-depth insight into:

- A number of cases including Trucks, Pharma, Mastercard and Air Cargo.
- This year's most substantial development – 'class actions', which are likely to dominate the headlines further in 2020.
- 'Big Tech' litigation which is now firmly on the radar.
