

Our Awards

We are proud of the recognitions our firm and lawyers have received.

Hausfeld ranks among the world's leading claimants' litigation law firms, renowned for its ability to prosecute and resolve complex disputes on behalf of businesses and individuals in the areas of antitrust/competition, financial services, sports and entertainment, environmental, mass torts, consumer protection, and human rights, often with an international dimension, recovering billions of dollars for the parties it has represented. Few, if any, law firms worldwide have litigated more collective or individual damages actions on behalf of companies and individuals injured by anticompetitive conduct than Hausfeld. The firm has litigated cases involving price-fixing, price manipulation, monopolization, tying, and bundling, through individual, collected, and class representation and has experience across a wide variety of industries, including automotive, banking, chemicals, construction, manufacturing, energy, financial services, food and beverage, health care, mining & metals, pharmaceuticals and life sciences, retail, sports and entertainment, technology, and transportation. Hausfeld's record of success is frequently noted in legal media spanning the Legal 500, Lexology, Lawdragon, Financial Times, Chambers & Partners, American Lawyer, Benchmark Plaintiff, National Law Journal, Law360, Diversity Journal, Global Competition Review, and MLex, among others.

Notably, Hausfeld is the only claimants' firm to be ranked by both the Legal 500 and Chambers & Partners as a top-tier firm in private enforcement of antitrust/competition law in both the United States and the United Kingdom for the past several years.
