In its 2020 edition, leading legal directory Chambers UK continues to identify Hausfeld's undisputed reputation as claimant litigators in both competition law and banking disputes.

Our competition team is described as a 'leading player in competition damages claims', distinguishing our ability to deal with big ticket cases with well represented defendants, requiring high-quality representation on the claimant side, and highlighting our 'notable experience working with litigation funders on high-value cases'. Furthermore, sources state we are 'able to perform an invaluable role in terms of pulling teams of economists together and having discussions with funders'.

Our 'very modern, innovative and client-focused' banking litigation team 'boasts a dedicated team of litigators' who are 'experienced in taking on complex commercial disputes, that are often multi-jurisdictional in scope'. Commentators label the team as 'technically savvy and commercially minded'.

Our ranked lawyers obtain excellent praise: 'a really clever business lawyer...', 'strategic understanding', 'hard-working, intelligent, very experienced and an absolute pleasure' and 'really smart, on the ball and an aggressive litigator', to name but a few of the praise they received.

We would like to take this opportunity to thank our clients and referees for their continued support.
